

**CITY OF WESTMINSTER
MEMBER OF THE CITY COUNCIL**

KERMIT MARSH

AGE: 39

OCCUPATION: Westminster City Councilman/Attorney at Law

As your Councilman, I fought successfully to balance six consecutive city budgets. Despite California's financial crisis and the state's taking of city funds, we have not reduced any essential services or increased taxes.

I will continue to make sure that Westminster taxpayers do not pay for the state government's failures.

I have successfully reduced city taxes while in office, and I have never voted for any tax increase.

I want our police, fire and paramedic services to remain the best, with even more emphasis on crime/gang prevention.

I am proud to be endorsed for re-election by your Westminster Police Officers' Association.

Our innovative Infrastructure Revitalization Program, which I helped create, has increased repair of our streets and infrastructure without increasing taxes.

I am a lifelong resident of Westminster. My wife, Wendy, and I own our home and raise our children here. I am a Board Member and past President of the Westminster Boys and Girls Club and former District Chairman for the Boy Scouts.

I will always work hard to represent you, not the special interests, to preserve our residential neighborhoods, and to protect property values. Call me anytime with your ideas and questions.

Sincerely,

Kermit Marsh
